The following is an unedited translation of a circular which was sent through the mail to Trime Minister Phibum, Army Lt. Gen. Phin Chunawan, and Police Maj. Gen. Phao Sriyanon The Thai Police are endeavoring to ascertain the source and authorship of the circular, which is written in bad Thai and believed to have been written by a non-Thai. The translator thinks that, although the writer may have been a Chinese, it was probably a foreigner of some other nationality.

Battalion of the Red Doctrine in the Far East. Formerly the company of the Red Doctrine in the Far East.

Greetings to you all. I am once again bringing news to you. You will certainly remember what I said to you on the previous occasion. We have reliable news that the time of our party is at hand. Please do not be afraid that we are frittering away. Our group has actually recently increased very much from Burma. You know, no doubt, that from time to time that we took Tibet until now our people had no intention of further expansion. Now, however, we have come to the Northern borders of Burma and already some of our units have penetrated up to 70 miles. Soon Burma will reach the point of going under.

Our itinerary is as follows:

Tibet, Brrma, India, Indochina, Tailand which must become ours for certain. Some may boast! What? The Trais give in so easily?

Field Marshal Plack is no doubt taking increasing precautions, but you may or may not know that the body of His Excellency would have been found without life on Police Day, but by chance the rain came and he escaped. But very soon we will cut the head and arms and mack and proclaim to the whole country that the day of the Capitalists is over. The Army budget for buying all kinds of new weapons! (Are we cowards or not?).

We know that His Excellency gave an interview to the newspaper Prachathipathai affirming that we shall fight to the death. Believe it or not? — But we have to ask where are his wife and children right now? Are they here? — Or perhaps it is intended to found a battalion of women and that is why they have gone to raise funds from the Capitalists? — That may be. Do you or do you not know that the soldiers who were sent to Korea have already become the prey of our people? — But perhaps communications are a bit slow. We hope to give you more news about the New China in the future.

Remember will the very short moral of it all the Teal people must come under the Communist umbrella.
